

October Homework Calendar

Monday	Tuesday	Wednesday	Thursday
<p>Use objects to see how many ways you can make 10.</p> <p>Read for 15 minutes.</p>	<p>1 Play the game 100 number grid on ABCYa instructional resources on the school website.</p> <p>Read for 15 minutes.</p>	<p>2 Play a family game. Take turns making 2 and 3 digit numbers and tell the number you made.</p> <p>Read for 15 minutes</p>	<p>3 Use a deck of cards to compare numbers using the language "greater than", "less than" or "equal to."</p> <p>Pick one card from the stack and place it face down. Pick a second card from the stack and use the math language to compare the numbers.</p> <p>Read for 15 minutes</p>
<p>7 Play the game 100 number chart on ABCYa in instructional resources on the school website.</p> <p>Read for 15 minutes</p>	<p>8 Roll a dice or use number card to make 2 digit numbers. Draw a model of your number using base ten blocks.</p> <p>Read for 15 minutes</p>	<p>9 Use objects to see how many ways you can make 6.</p> <p>Read for 15 minutes</p>	<p>10 Use objects to see how many ways you can make 7.</p> <p>Read for 15 minutes</p>
<p>14 Use objects to see how many ways you can make 8.</p> <p>Draw colored circles to model the different ways you could make 8.</p> <p>Read for 15 minutes</p>	<p>15 Write a fall addition story using 1 digit numbers. Act out the story for your family. Have them tell the answer to your story. Example: I went to a haunted house and saw 3 ghosts and 4 witches. How many ghosts and witches did I see in all?</p> <p>Read for 15 minutes</p>	<p>16 Gather a set of objects (pennies, pasta, marbles, etc.).</p> <p>From your collection, take one handful of objects and count the amount in the set. Take a second handful of the same object and compare to see which set is larger.</p> <p>Explain how you know which set is larger.</p> <p>Read for 15 minutes</p>	<p>17 Play a family game. Each person will tell an addition story. Each family member tells the strategy they used to solve the problem.</p> <p>Read for 15 minutes</p>
<p>21 Write a single digit subtraction story and solve it. Tell your family what strategy you used to solve</p> <p>Read for 15 minutes</p>	<p>22 Pick four number cards from a deck of cards. Order the numbers from least to greatest.</p> <p>Read for 15 minutes</p>	<p>23 Write an addition or subtraction single digit story. Write how you solved it.</p> <p>Read for 15 minutes</p>	<p>24 Use a deck of cards to create 4 2-digit numbers. Order these numbers from least to greatest.</p> <p>Read for 15 minutes</p>
<p>28 Use fall objects (leaves, acorns, etc.) to see how many ways you can make 9.</p> <p>Read for 15 minutes</p>	<p>29 Draw a picture of fall objects and write an addition or subtraction story. Write the strategy you used to solve the problem.</p> <p>Read for 15 minutes</p>	<p>30 Roll 2 dice to create a 2-digit number. Use the 120's chart to identify a number that is one more/one less, ten more/ten less, than the number rolled.</p> <p>Read for 15 minutes</p>	<p>31 Happy Halloween! 🎃</p>
